HORSEMANSHIP CAMP

Horsemanship is a leveled program that takes young people ages 10–18 from basic western riding skills through more advanced riding instruction, horse training skills, and teaching opportunities. Each day campers progress at their own speed spending time riding horses, learning horse science, and participating in other camp activities such as archery, swimming, and unique games. Campers will also be challenged spiritually through daily chapel sessions and personal times of devotion.

A week of camp ends with an exciting Shodeo that allows campers to exhibit their riding abilities. Opportunities to minister to others through their experiences will be taught and encouraged along with rewarding skill-building and character-building memories.

Please call our office to register.
